

H&R Johnson launches large format Johnson Porselano Royal Care Slabs in Tamil Nadu state

Coimbatore, 12th April 2018: In tune with their legacy of launching many of the innovations in the Indian tile industry H&R Johnson (India), India's premier Integrated Lifestyle Solution provider offering tiles, bathroom products and engineered marble & quartz launched an array of new range of products in Tiles including their new **Johnson Porselano Royal Care** series of large format tile slabs.

The new products were launched at a dealer meet for their key dealers from Tamil Nadu at Hotel Le Meridien, Coimbatore on 12th April 2018. The dealer meet was attended by the senior management of the company that included Mr. Vijay Aggarwal, MD of Prism Cement Ltd, Mr. Joydeep Mukherjee, Executive Director & CEO H&R Johnson (India), Mr. Anoop Sreekumar, Sr. VP Sales & Marketing and Mr. Dinesh Vyas, Sr. VP Product Development & Marketing also from H&R Johnson (India).

Speaking on the occasion, Mr. Vijay Aggarwal said "H&R Johnson (India) recently completed 60 years of presence in India, which makes us the oldest and most experienced tile brand in India. We are delighted to launch a whole new range of wall and floor tile products for our customers in these states today, in this the 60th year of our company. Johnson has always been at the forefront of offering the best in class products whether in terms of quality, durability, features or the most contemporary designs. We are the largest manufacturers of tiles in South region having a capacity to make approx. 7 Lakh sq. ft. of tiles per day. The new launches today at Coimbatore are another testimony to our commitment to offer the best lifestyle solutions to our customers"

New Products Launched

During the Launch event, H&R Johnson launched over 200 new Tile concepts spread across its 4 tile brand verticals: Johnson Tiles, Johnson Marbonite, Johnson Porselano and Johnson Endura in various formats and loaded with several new features.

The star attraction in the launch was Johnson Porselano's entry into very large format porcelain slabs with unique CARE[®] advantage having anti-microbial property which keep the tiled surface cleaner and healthier. Available in large sizes - 120 X 120 cm, 120 cm X 180 cm and 120 X 240 cm. these slabs reduce the tile-joints on floor and make the space look much bigger and seamless. "Not only these Porselano slabs contribute to health and hygiene factors, we have designed these tiles slimmer than conventional ones without compromising the specified strength of the tile which will reduce the building load and also contribute to environment in more than one ways including reduction in carbon foot-print across including during transportation due to lesser weight per square foot" said Mr. Dinesh Vyas.

Apart from this, under the Johnson Porselano brand, 32 new tiling themes for wall & Floor application were also launched which have the unique Germ-Free property and the said advantages of slimmer variety in 120 cm x 60 cm size slabs.

Coming to its another flagship Brand – Johnson Marbonite, the company introduced Industry's whitest vitrified tile branded as "Himalayan White" along with over 60 new concepts in 80 cm x 80 cm & 60 cm x 120 cm as well as 80 cm x 160 cm sizes in Vitrified Polished as well as Matte finishes.

The company also launched the first few concepts in Johnson Porselano SMART series of tiles in 30 X 60 cms size which are slim tiles, just 5 mm thick and have the Germ-Free property. The company is the only company in the world to launch such a product in this format of wall tile category.

Under Johnson Tiles brand, the new introduction is "KR@FT" series in 80 cm x 40 cm size tiles and also range of wall tiles in size of 60 cm x 30 cm with a fresh approach in aesthetics in trendy Matte finish. The uniqueness of the new series is that in spite of being matte, the surface is very easy to maintain as it has a controlled micro-roughness on the surface. These wall tile concepts are complemented by the new collection of stain and skid resistant floor tiles in 60 cm x 60 cm size. The company also introduced the new "KLEO" collection of wall tiles under this brand in the 30 X 60 cm size with coordinated flooring options in 30 X 30 cm size. KLEO brings together three most important aspects of tiling into a single package – durability, functional superiority and aesthetics for walls and other spaces like washrooms, kitchens and passages. The satin surface finish in this new KLEO collection is not only non- reflective but easy to maintain.

"Johnson Endura is the first and most strong veteran in Industrial and specialized tiling segment. We are very happy to see the response for our **ready to use Johnson Endura Stepping Stone staircase** tiling solutions launched recently in select towns and we are now extending this special product range in more number of towns as capacities are in place to meet any demand across the country. What's more we are happy to announce that our Johnson Endura has been recently awarded the "**Consumer Superbrands**" status, a testimony of its leadership stature and popularity in the segment that it operates in" said Mr. Joydeep Mukherjee at the event. The new range under Johnson Endura Stonex brand is the High relief Elevation tiles range in 30 cm X 45 cm size. Another new introduction is 40 cm x 40 cm size Endura Designer Collection where aesthetics meet the durability for high footfall areas like passages, patio and corridors.
