exports.customercare@prismjohnson.in

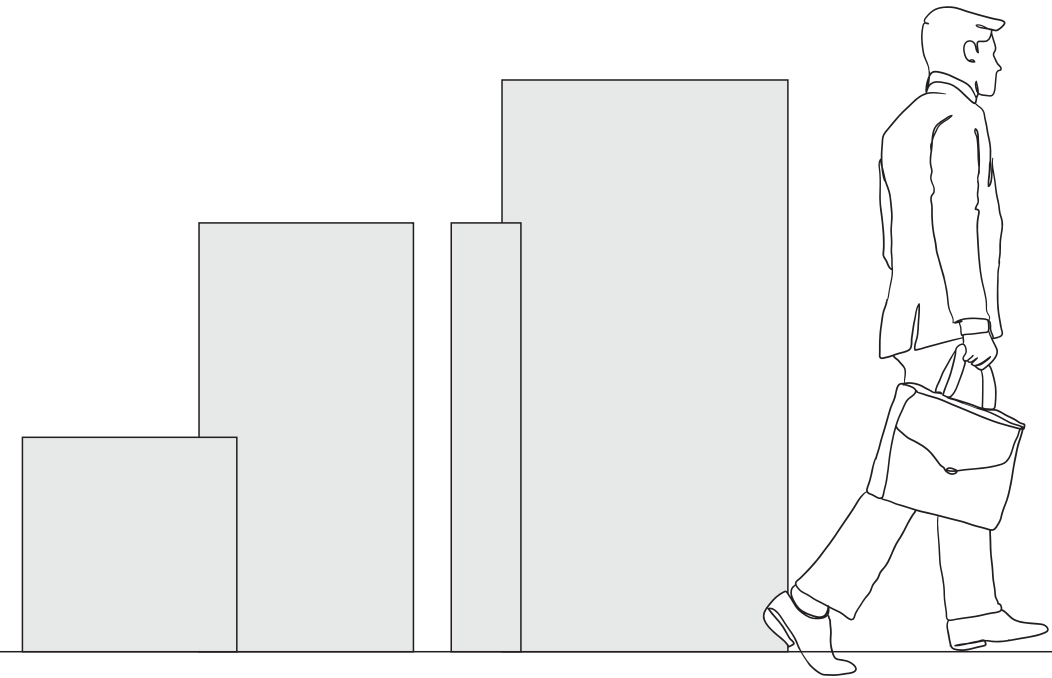

We believe luxury is not just what appears on the surface, but something that is experienced through thoughtful design.

At Johnson, we craft surfaces that go beyond aesthetics—combining elegance with performance. Each tile is designed to deliver durability, ease of maintenance, and timeless appeal.

Our advanced manufacturing technology ensures precision, consistency, and superior quality. With a wide range of finishes and sizes, our collections are created to complement diverse spaces and lifestyles.

GLAZED VITRIFIED COLLECTION

60x60cm
24"x24"

60x120cm
24"x48"

19.5x120cm
7.6"x48"

80x160cm
32"x64"

There's an ocean of seamless surfaces to explore. Every piece reflects a story of craftsmanship and design.

With a wide range of sizes, colors, and finishes, our collection offers the flexibility to create spaces that are both functional and visually stunning.

Each tile is engineered for strength and durability, making it ideal for both residential and commercial applications.

To elevate your design experience, Porcelano offers multiple finishes that cater to varied aesthetics—from subtle elegance to bold expressions. Experience luxury like never before — because true luxury lies in the details.

7 SURFACE FINISHES. INFINITE EXPRESSIONS.

Surface finishes play a vital role in defining the overall look and feel of a space. Each finish is designed to enhance both aesthetics and functionality. From high-gloss elegance to subtle matte textures, every option delivers a perfect balance of beauty, durability, and performance.

Porselano 60x120	60X120	2	1.44	27.5	981	1413
Porselano 60x60	60X60	4	1.44	26.5	1018	1466
Porselano 19.5x120	19.5X120	6	1.40	28	1075	6243

PORSELANO TILE FIXING INSTRUCTION

(80x160, 80x120, 60x120, 20x120, 60x60, 30x60cm)

- Plaster the surface of the floor where the tiles will be laid with smooth finish and complete the plastering and curing at least two weeks prior to laying.
- Before fixing Porselano tiles lay them out in the desired pattern and make sure that they give an acceptable blend of shade, colour and design. Please note that certain amount of shade and size variation is inherent in the manufacture of vitrified tiles. Certain products will have intentional shade or colour variation to get the natural and elegant look, which is an integral element of the design resembling natural marble, stone and wood.
- The company bears no responsibility towards the tiles exposed to any outside process like transfers, printing, firing etc.
- For fixing Porselano, we recommend using an appropriate product from the range of tile fixing adhesives from the ARDEX ENDURA (INDIA) PVT. LTD. Please follow the adhesive manufacturer's recommendations and instructions for best results.
- For fixing Porselano tiles of size specifically 60x60 cm, 40x40 cm and 20x120 cm on the floor, using sand and cement, follow the instructions given below:
 - Use cement and sand mortar in the ratio of 1:4. Add some water to create a consistent paste.
 - Once the mixing has been completed do not add any further water and use the same within one hour.
 - Apply a 20-30 mm layer of bedding material over an area of 1 square meter at a time on the surface of the area. Apply a fine slurry to the back of the tile to ensure proper and full bedding. Press gently for even adherence at the back of the tile.
 - DO NOT USE AN IRON HAMMER OR SOME HEAVY MATERIAL TO PRESS THE TILE.**
- For fixing Porselano tiles on Wall / Dado, we recommend using an appropriate product from the range of tile fixing adhesives from the ARDEX ENDURA (INDIA) PVT. LTD. with proper troweling method for 100 per cent coverage behind the tiles and for peerless bonding. Please follow the adhesive manufacturer's recommendations and instructions for best results. We do not recommend the use of sand and cement for fixing on Dado.
- Mark and lay out the tiles from the center of the area to be laid so that cut tiles, if any, will be on the outer edges towards the walls.
- The work size which we try to maintain for better technical performance is 60 cm x 60 cm on average. For large format slabs of 80x80 cm and above we do not recommend tiles to be laid without a gap. Tile spacers can be used at each tile corner to maintain even grout lines between the tiles. It is advisable to maintain a gap of 3 mm to 6 mm between every tile to allow for possible expansion as per ISO tolerance norms.
- Complete the laying process by pressing the cut Porselano tiles firmly into place along the walls/floors.
- Allow 1-2 days for bed curing for 60x60 cm, 40x40 cm and 20x120 cm and for all tiles above 80x80 cm, allow 3-4 days for bed curing. After this period fill the joints with cementitious or epoxy grouts from ARDEX ENDURA (INDIA) PVT. LTD. Use of grout sealant is recommended for keeping the grout free of dust.
- Fifteen minutes after finishing the grouting process, wipe off excess grout with a damp sponge and polish the tiles with a soft and dry cloth for a clean surface. The tiles can also be cleaned with a mild acid (However, Hydrofluoric acid and its derivatives should not be used). You can also use tile & stone cleaners from ARDEX ENDURA (INDIA) PVT. LTD.

12. Please note that the company does not accept any liability in case of problems arising out of non-adherence to these fixing instructions.
13. THE COMPANY WILL BEAR NO RESPONSIBILITY AFTER THE TILES ARE FIXED.
14. Kindly look for an arrow (→) on the back of the tile and follow the laying pattern as shown in Pic - 1:-

NOTHING IN THESE INSTRUCTIONS IS A SUBSTITUTE FOR GOOD WORKMANSHIP AND SUPERVISION.

ABOUT US

H & R Johnson (India) has pioneered the Indian tile industry with its expertise and legacy earned over the last 67 years. As one of the leading brands, H & R Johnson (India) has been grounded on its vision to provide consistent high quality products across a mammoth collection of tiling and bathware solutions incorporating best-in-class technology & designs to meet the evolving needs of our customers. Johnson has the most modern manufacturing units across strategic locations in India, and we have grown to build a 64 million m² production capacity per annum across 11 state-of-art tile manufacturing plants (including joint ventures) and 2 faucet manufacturing plants. Being one of India's trusted tile brands, we proudly carry forward the legacy of trust and quality in every product we craft.

CERTIFICATIONS

H & R Johnson (India) is one of the India's largest tile manufacturer. It's commitment to quality, service and innovation is backed by certification from the world's leading accreditation bodies.

ISO 45001: 2018

For implementing an occupational health & safety management system for the manufacturing of ceramic tiles.

ISO 9001: 2015

For implementing a quality management system for the manufacture and supply of ceramic tiles.

ISO 14001: 2015

For implementing an environmental management system for the manufacturing of ceramic tiles.

IGBC

Certificate of merit for energy conservation, bureau of energy efficiency, ministry of power: A recognition for the efficient use of energy and its conservation.

Griha

Griha council is a joint initiative of the Ministry of New and Renewable Energy, GOI and The Energy and Resources Institute of Griha, India's national rating system for sustainable habitats.

Plant has received safety award by National Safety Council

Green pro is a product certification given by the Confederation of Indian Industry (CII), which signifies environmentally conscious life cycle of the production; certification of eco-friendly products that helps customers make an informed choice towards sustainable products.

Trusted Brand

Consumer-based research award – Johnson has been awarded the Reader's Digest Trusted Brand award with the Gold award in the Tiles category, also received award for bath fittings category.

Superbrand

H & R Johnson (India) has been awarded the Superbrand 2025 in both consumer and industry validation, which strengthens the brand's positioning and trust in the marketplace.
